About Tony Tony Tony

Shelf constructed with 14 gauge hot-rolled steel.

Fastener holes are set 2" OC or 4" OC from each end.

Supports 7.5 lbs per linear foot.

Custom depths and lengths available upon request.

Manufactured from top-quality American steel made with 70% recycled content.

Designed and produced in beautiful middle-of-nowhere Idaho, with sweat, tears, and Ameri-quality awesomeness.

Shelfology radically recycles all production metal, wood and cardboard waste.

* **WARNING:** All shelves must be installed properly into studs or with wall anchors. Failure to do so may result in saggy shelves, falling objects, or even injury.

** Drawings are representations only and not to scale.
