About Randle Monkey Bar

Made from 1"x 0.65" wall hollow plain carbon steel tubing, with 11 gauge plain carbon steel mounting plates.

*Supports 150 lbs. per handle when properly attached to adequate backing.

Fastener holes are 3/8" outside diameter (OD).

Designed, engineered & hand-finished in the U.S. of Awesome.

**
WARNING: All monkey bars must be installed into studs, joists, or blocking. Failure to do so may result in saggy product, falling objects, or even injury.

Drawings are representations only and not to scale.
