About Skaksel Shelf System

- Shelf bracket is 1/4" thick, hot-rolled steel
- Shelf bracket is powder coated with any of our available colors, custom colors welcome
- Shelf wood species include ash, alder, cherry, maple, mahogany, walnut and white oak
- Screw holes are 4" OC down the length of the bracket
- Countersunk screw holes are 3/16" outside diameter (OD)
- Blade edges are inset 2" on center (OC) from left and right bracket end
- Supports up to 45 lbs. per linear foot when correctly mounted*
- Manufactured from top-quality American steel made with 70% recycled content.
- Designed & crafted by radically talented humans right here in the U.S. of Awesome.
- Shelfology radically recycles all production metal, wood and cardboard waste.

*WARNING: All brackets must be installed into studs or posts. Failure to do so may result in saggy shelves, falling objects, or even injury.

**Drawings are representations only and not to scale.
