

Tromso Coat Rack

Load Capacity Per Linear Ft (lbs)
90*

Shelf Depth Range (in)
4-12

About Tromso Coat Rack

Made from 1/4" thick, hot-rolled steel.

Set-through backbar construction hides welds for a clean look and insane strength.

Cover plate made with 14 gauge steel.

The first screw holes start 5/16" on center (OC) from each ends. Distance between first and second screw hole (X) varies upon shelf length. Holes continue 4" OC down the length of the bracket.

Countersunk screw holes are 0.19" outside diameter (OD).

Shelf weight is 0.1 lbs per square inch.

Manufactured from top-quality American steel made with 70% recycled content.

Designed & crafted by radically talented humans right here in the U.S. of Awesome.

Shelfology radically recycles all production metal, wood, and cardboard waste.

***WARNING:** All coat racks must be installed into studs or posts. Failure to do so may result in saggy shelves, falling objects, or even injury.

**Drawings are representations only and not to scale.
